Members should check the EAMUG Board Minutes before reading further 'cause at that meeting Angela Taylor reported that Apple was doing away with iTunes! Whoa! iTunes where all of our music is stored and where we backup our devices! As someone said at the meeting, Save you Music CDs!
There's more...

Before the meeting I'd asked Dennis Ricke to prepare a video about Apple's Flying Saucer at Cupertino ~ he had agreed. Dennis emailed me after the meeting suggesting that he make a different presentation ~ one about Apple's plans for 2019 that plays into Angela's comment about iTunes. It seems that in Apple's system upgrades (free) they will no longer support 32-bit applications, only 64-bit applications. This will eliminate MANY applications and programs we're all accustomed to using. I'm really looking forward to Dennis' presentation on this topic.

THIS WILL BE AN IMPORTANT PRESENTATION ~ BE SURE TO ATTEND

Not that some of our meetings are not important but we'll also be asking for a show of hands on who wants to meet in June, like for an unimportant picnic? Maybe to CELEBRATE our MUG's 25th YEAR? Mike Volpe investigated rates for pavilions at

Sarasota County Parks: \$85+tax, for 4 hours, Monday thru Thursday. Interested??? Raise your hand when we vote...

MY FRIEND CELEBRATED HIS BIRTHDAY THIS YEAR BY BUYING AN ALL-TERRAIN 4 WHEELER. THIS IS A PICTURE OF HIM PLAYING WITH IT IN HIS BACK YARD.

I'M THINKING ABOUT GETTING ME ONE.

LIFE IS FLEETING BY. ENJOY IT WHILE YOU CAN

GETTING OLD IS EASY -
HAVING FUN AT IT IS THE REAL TRICK

Mike also advised that the Multi Connection Hub mentioned in the Board Minutes won't work with our new Mac; good thing we didn't buy one.
